

A vacancy exists for a North-East England based, experienced field service Engineer/product specialist. The role primarily involves servicing and maintaining Romaquip's product range in the Manchester area.

Essential requirements:

- Experience of field service on industrial vehicles.
- An ability to understand electrical and hydraulic systems.
- Ability to work on own initiative and a logical problem solving approach.
- Full clean driving license.
- Basic computer Knowledge.

Preferred requirements:

- Class 2 LGV
- Proficiency with Microsoft office products (Word, XL, Outlook)
- Specific experience on salt spreaders, whilst beneficial, is not essential as full product training will be provided.

The successful candidate will benefit from:

- Competitive remuneration package, commensurate with experience.
- 20 day's Annual Leave.
- Laptop.
- VW Transporter van.

Letters of application and CVs should be sent to:

The Personnel Manager
Romaquip Ltd.,
